

Dear Newfoundland Puppy Owner,

You have been given this feedback form because the breeder of your puppy is a member of the Southern Newfoundland Club's 'Better Breeders Scheme'.

The scheme was established with the aim of promoting the best possible standards of breeding and husbandry and to ensure the puppy purchasers receive an appropriate level of information, support and advice from the breeders.

The scheme relies on feedback from puppy purchasers to ensure the scheme's criteria are being complied with. All feedback is strictly confidential and will not be shared with the breeder on an individual basis. However, where feedback from a number of sources indicates that a scheme member is not complying with the Better Breeders Scheme criteria it may impact on their future membership.

Your feedback is very important to us, please complete the attached form in as much detail as possible. We recommend you wait at least 10 days after collecting your puppy before returning the form.

Thanking you in anticipation,

Yours truly,

Hedd Richards
Chairman of the Southern Newfoundland Club
